The International Congress QUANTUM GLOBAL 2023 is promoted by the Foundation COME Collaboration ONLUS and SOMA – Istituto di Osteopatia di Milano. The Congress is a cutting edge, must-see and be-seen event for professionals who want to keep abreast of latest research, new technologies and fresh ideas. The Congress will host the best national and international health speakers, an exciting scientific programme and networking events, all tailored to the city of Milan (Italy).

The two-day congress will be held in double modality: "in presence" at the Feltrinelli Foundation's Auditorium in Milan and "remotely" through a live streaming session.
